

Theme: 6. Behaviour in case of traffic accidents, and knowledge about measures, which must be initiated depending on the type and the characteristics of the transported goods. Safety measures when removing wheels

Points	K	No	Question, answers	Graphic images
1		6/1.	<p>Which is the most frequent cause for road traffic accidents among those listed below?</p> <p>driver's error poor traffic conditions a failure in the vehicle incorrect behaviour of pedestrians</p>	
1		6/2.	<p>In case of a road traffic accident, in which he is involved, the driver must stop:</p> <p>so that there will be no risks for the traffic by the nearer side of the roadway at a place where parking is allowed</p>	
1		6/3.	<p>In case of a road traffic accident, the driver would behave properly if:</p> <p>remains calm avoids panic does not take any actions until the arrival of the support teams always deals with emerging problems alone</p>	
1		6/4.	<p>Is the driver obliged to take measures for signalling and assuring the safety of the motor vehicle in case of road traffic accident?</p> <p>yes, in all cases yes, but only in case the driver is involved in the accident no</p>	
1		6/5.	<p>Which is the most important action, which must be initiated upon arrival at the site of a road traffic accident?</p> <p>to assure the safety of the road users to notify the police about the accident to preserve the traces of the accident to establish the persons involved in the accident</p>	
1		6/6.0.	<p>A driver, arriving at the site of a traffic accident, is obliged, depending on immediate necessities:</p> <p>to take measures to assure traffic safety to help any accident victims in case this would not represent a danger for the driver to notify the control department of the Ministry of the Interior, in whose territory of responsibility the accident occurred to take measures to preserve the traces of the accident</p>	
1		6/6.1.	<p>In case of a road traffic accident, in which he was involved, the driver must, depending on the immediate necessities:</p> <p>take measures to assure traffic safety help the accident victims take measures to preserve the traces of the accident provide assistance for repairing damages to the motor vehicle</p>	

1		6/7.	<p>Is it allowed to move a vehicle, involved in road traffic accident, in which people were harmed?</p> <p>yes, in case the vehicle must be used to transport any accident victims to a medical establishment</p> <p>yes, in case the vehicle obstructs traffic</p> <p>yes, it is allowed in all case</p> <p>no, it is forbidden in all cases</p>	
1		6/8.	<p>The most important task in case an easily inflammable liquid is leaking from the vehicle body is:</p> <p>to remove by all means the leak from the load</p> <p>to cover the leaked liquid with sand and earth</p>	
1		6/9.	<p>Which of the actions listed below is the most important in case a driver of a vehicle, carrying dangerous goods, is involved in a traffic accident?</p> <p>to switch off the vehicle engine</p> <p>to notify the driver's employer</p> <p>to notify the road signalization authority</p>	
1		6/10.	<p>In case of a traffic accident the driver of a vehicle used to carry dangerous goods is obliged:</p> <p>to mark the site of the accident in order to warn other road users</p> <p>to notify a representative of the road authorities</p> <p>to notify the driver's employer</p>	
1		6/11.	<p>When notifying about a traffic accident with the involvement of a motor vehicle marked by an identification sign for dangerous goods, the most important data are related to:</p> <p>the type of the transported load as identified by the sign on the vehicle</p> <p>the make and the model of the motor vehicle</p> <p>the company, which owns the load</p>	
1		6/12.	<p>Phone number 112 is:</p> <p>a unified European phone number for emergency calls</p> <p>a phone number for 24/7 road assistance</p>	
1		6/13.	<p>The following emergency teams may provide assistance after calling phone number 112:</p> <p>police, fire department and rescue</p> <p>emergency medical help</p> <p>civil defence</p> <p>road assistance</p>	
1		6/16.	<p>When replacing a tire, the truck must be immobilized by:</p> <p>engaging first or rear gear</p> <p>engaging the parking brake</p> <p>placing wedges at the wheels</p> <p>the vehicle must be stopped on an inclined surface</p>	
1		6/17.	<p>It is sufficient to engage first gear and the parking brake in order to immobilize the truck when replacing a tire.</p> <p>correct</p> <p>incorrect</p>	

1		6/18.	<p>The major safety measure when replacing a tire of a truck is:</p> <p>immobilizing the vehicle the use of rubber gloves moving the load to a safe place</p>	
1		6/19.	<p>The “no entry” restriction applies to:</p> <p>only trucks with a load capacity of more than 7 tonnes only trucks carrying a load of more than 7 tonnes trucks with maximum permissible mass of more than 7 tonnes</p>	
1		6/20.	<p>The “no entry” restriction applies to:</p> <p>road vehicle with a mass when loaded of more than 5 tonnes only road vehicles carrying a load of more than 5 tonnes only road vehicles with a carrying capacity of more than 5 tonnes</p>	
1		6/21.	<p>The sign bans the entry of road vehicles:</p> <p>moving one behind the other at a distance of less than the specified with a width, including the width of the load, exceeding the specified with a length, including the length of the load, exceeding the specified</p>	
1		6/22.	<p>The “no entry” restriction after the sign applies to:</p> <p>all road vehicles with a length, including the length of the load, exceeding the specified only vehicles carrying a load, whose length exceeds the specified only trucks with a distance between the axles exceeding the specified</p>	
1		6/23.	<p>The road sign bans the entry of road vehicles:</p> <p>with a height, including the height of the load, exceeding the specified with a length, including the length of the vehicle, exceeding the specified moving one behind the other at a distance of less than the specified with a width, including the width of the load, exceeding the specified</p>	
1		6/24.	<p>Which of the road vehicles listed below are banned from entry after the road sign?</p> <p>road vehicles with a carrying capacity exceeding 5 tonnes road vehicles with a mass when loaded exceeding 5 tonnes road vehicles with a load on any of the axels exceeding 5 tonnes road vehicles with a load weight exceeding 5 tonnes</p>	
1		6/25.	<p>This road sign bans the entry of:</p> <p>oversized road vehicles road vehicles marked with an identification sign for dangerous goods articulated vehicles trucks</p>	
1		6/26.	<p>What are the requirements of the Road Traffic Act in case, due to driving at a low speed, you cause a column of road vehicles to be formed?</p> <p>I have no obligations to take into consideration the vehicles driving behind me I stop at the first opportunity to let the column of vehicles pass by I signal by hand to indicate to other driver to start taking over</p>	

1		6/27	<p>This road sign bans drivers of trucks with a maximum permissible mass exceeding 3.5 tonnes to take over:</p> <p>motor vehicles, with the exception of motor cycles without a coach and mopeds</p> <p>all road vehicles</p> <p>only passenger cars</p>
